

An aerial photograph of a city waterfront at sunset. The sun is low on the horizon, casting a golden glow over the scene. The water is dark blue with many sailboats scattered across it. The city buildings are visible on the left side of the frame, and a large body of water occupies the right side. The overall atmosphere is serene and scenic.

# General Surgery Preliminary Year for Radiology Residents

# Overview

- Excellent foundation in the care and management of patients with surgical pathology
- An opportunity to develop patient care skills that are common to both fields
  - use of radiographic studies to answer surgical and clinical questions
  - workup and management of postoperative patients and complications
  - Multi-D care (tumor boards, complex pancreatitis)
- Hands on experience in the operating room performing level appropriate cases

# University Hospital and Clinics

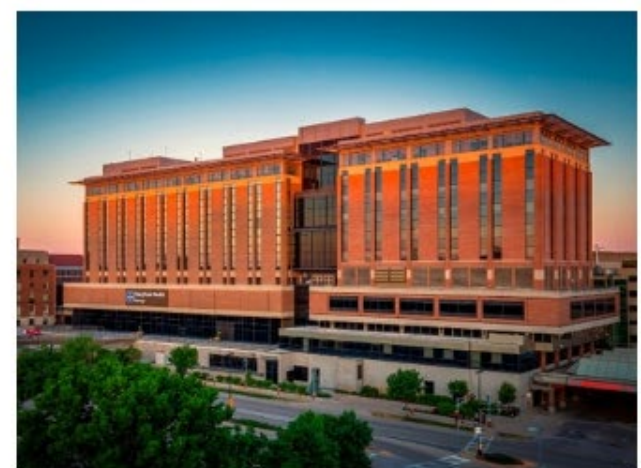

# MAJOR CLINICAL FACILITIES

UW Hospital - 505 beds  
Meriter Hospital - 450 beds  
Veteran's Hospital - 90 beds  
American Family Children's Hospital - 87 beds  
UW Health at The American Center - 56 beds

# General Surgery Preliminary Year

- Thirteen 4-week blocks
  - 2 blocks on radiology
  - 2 blocks on nightfloat (6P-6A Sunday through Friday)
- Additional Rotations
  - Emergency General Surgery
  - Vascular Surgery
  - VA Hospital
  - Pediatric Surgery
  - Transplant Surgery
  - Colorectal Surgery
  - Surgical Oncology
  - The American Center (Minimally Invasive and Endocrine Surgery)
  - Meriter Hospital (Community General Surgery)

## Other Benefits:

- The interns are all treated the same regardless of their final career plans in terms of case distribution
- Welcome to attend all surgical conferences (many multi-D conferences have crucial radiology participation) and radiology conferences as well
- Build great relationships with your colleagues in surgery
- Settle into wonderful Madison, WI for all the years of your training

Thank you!
